ASN Telecom Pty Ltd – Connectivity Virtual Circuit (CVC)

CVC PRICING & INCLUSIONS

CVC Minimum Inclusion & Overage	Price	Frequency
1,500mbps (included at each state POI)	Nil	*Included
Overage	\$3/mbps	Monthly

*All prices are exclusive of GST.

*CVC usage is calculated at each state POI at 11:59pm on the last day of the month.

*ASN provide 1.5Gbps CVC minimum inclusion at each state POI. After that, the extra bandwidth can be ordered in 50mbps or 100mbps blocks as per the above pricing. CVC Overage will be calculated as the difference between the Ordered CVC capacity and the greater of (A) the calculated daily entitlement (being the aggregate of the CVC inclusions for services ordered by the RSP – as listed in the above product table), or (B) the minimum allowance of 1.5Gbps. CVC Amount and Overage will be calculated daily at 11.59pm (AEST) based on the maximum CVC provisioned at any time during 12.00am (AEST) and 11.59pm (AEST) on that day. Overage can be ordered via email to noc@asntelecom.com.au.
